6

In order to ensure that no voter is deprived of his/her franchise, if his/her name figures in the Electoral Rolls, separate instructions will be issued to allow additional documents for identification of voters.

Electronic Voting Machines (EVMs)

The poll in all the 4 (Four) States and the UT of Puducherry will be conducted at all polling stations using EVMs. The Commission has already made arrangements to ensure availability of adequate number of EVMs for smooth conduct of elections. The Commission has issued a new set of instructions with regard to the First Level Check of EVMs, that will be used in the polls in these States/UT. The first level check of such EVMs have been done in the presence of representatives of political parties. A two-stage randomization of EVMs will be made. In the first stage, all the EVMs stored in the District storage center will be randomized by the District Election Officer (DEO) in the presence of the representatives of the recognized political parties for allocation, assembly constituency-wise. EVMs will be prepared and set for elections after the candidates are finalized in presence of candidates. At this stage also candidates or their agents/representatives will be allowed to check and satisfy themselves in every manner about the functionality of the EVMs. After the EVMs in a constituency are prepared for poll by the Returning Officer and the ballot units are fitted with ballot papers, the EVMs will again be randomized to decide the actual polling stations in which they will be ultimately used. The second stage randomization will be done in the presence of General Observers and candidates or their election agents.

Law and Order and Deployment of Forces

Based on the assessment of the ground situation, Central Police Forces (CPF) and State Armed Police (SAP) drawn from other States will be deployed during the ensuing general elections. The CPF and SAP will be used generally for safeguarding the polling stations, the electors, poll-material and the polling

personnel. Besides, these forces will be used for securing the strong rooms where the EVMs are stored pending counting and for securing the counting centers

The Commission has been issuing instructions from time to time with regard to the advance preventive measures to be taken by the District Magistrates and Police authorities to maintain Law & Order and to create atmosphere conducive for conduct of free and fair elections. The Commission will be constantly monitoring the ground situation closely and will take appropriate measures to ensure peaceful, free and fair polls in these States/UT.

General Observers

The Commission will deploy General Observers in adequate number to ensure smooth conduct of elections. The Observers will be asked to keep a close watch on every stage of the electoral process to ensure free and fair elections. Their names, addresses within the district/constituency and their telephone numbers will be publicized in local newspapers so that the general public can quickly approach them for any grievance redressal. The Observers will be given a detailed briefing by the Commission before their deployment.

Expenditure Observers

The Commission has also decided to appoint adequate number of Expenditure Observers and Assistant Expenditure Observers who will exclusively monitor the election expenditure of the contesting candidates. For Greater transparency and for ease of monitoring of Election Expenses, Candidates would be required to open a bank account and incur their election expenses from that very account. Comprehensive instructions for the purpose of effective monitoring of the election expenditure of the candidates have been separately issued by the Commission and are available at ECI website < www.eci.nic.in >.

Micro Observers

In addition to General Observers, the Commission will also deploy Micro-observers to observe the poll proceedings in the polling stations on the poll day in selected critical polling stations. They will be chosen from Central Government/Central PSUs officials. Micro-Observers will observe the proceedings at the polling stations on the poll day right from the mock poll to the completion of poll and the process of sealing of EVMs and other documents to ensure that all instructions of the Commission are complied with by the Polling Parties and the Polling Agents. These Micro-Observers will work directly under the control and supervision of the General Observer. They will be tasked to ensure purity of polling process and will report to the General Observers directly about any vitiation of the poll proceedings in their allotted polling stations.

Conduct of Officials

The Commission expects all officials engaged in the conduct of elections to discharge their duties in an impartial manner without any fear or favour. They are deemed to be on deputation to the Commission and shall be subject to its control, supervision and discipline. Several instructions have been issued from time to time to ensure impartiality of officials who are engaged in the conduct of elections. The conduct of all Government officials who have been entrusted with election related responsibilities and duties would remain under constant scrutiny of the Commission and strict action shall be taken against those officials who are found wanting on any account. The Commission has already given instructions that no election related official or Police officer of the rank of Sub Inspector and above shall be allowed to continue in his home district. Besides, instructions have also been issued that election related officials including police officials who have completed three years in a district during last four years should be transferred out of that district. The State Governments and the UT Administration of Puducherry have also been asked to transfer all those officers against whom the Commission has recommended disciplinary action or who have been

15

charged for any lapse during previous elections or for any election related work, from positions entailing any election work. The State Governments/ UT Administration of Puducherry have been instructed to ensure that those who stand transferred shall move out physically from their last place of posting and shall not remain there on any pretext including leave. The Commission has also instructed the State Governments/ UT Administration of Puducherry not to associate any officer with the electoral process against whom charges have been framed in a court of law in any case.

Protection to SC/ST Electors

As per Section 3 (1) (vii) of Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act, 1989, whoever, not being a member of a Scheduled Caste or Scheduled Tribe, forces or intimidates a member of a Scheduled Caste or a Scheduled Tribe not to vote or to vote to a particular candidate or to vote in a manner other than that provided by law shall be punishable with imprisonment for a term which shall not be less than six months but which may extend to five years and with fine. First, from a wider district database of eligible officials, a shortlist of a minimum 120% of the required numbers will be randomly picked up. This group will be trained for polling duties. In the second stage, from this trained manpower, actual polling parties as required shall be formed by random selection software in the presence of General Observers. In the third randomization, the polling stations will be allocated randomly just before the polling party's departure.

District Election Plan

The District Election Officers have been asked to prepare a comprehensive district election plan in consultation with SPs and sector Officers including the route plan and communication plan for conduct of elections. These plans will be vetted by the Observers taking into account vulnerability mapping exercise and mapping of critical polling station in accordance with Election Commission of India's extant instructions.

It has also been directed that the said voter slip should be in the languages in which electoral roll is published for that Assembly Constituency.
