All Regional PF Commissioners/OIC of the Regions

Sub : Upgradation of Hardware at your office / region – Reg.

Sir,

After evaluating the System Health and compliance report of the offices and subsequent performance problem reported from various field offices at the time of issuing annual accounts, it is suggested to upgrade the hardware capacity of the Servers. During the course of implementation of Project, few offices have reported the space problem in the file system due to rapid growth in the data.

In view of the above, it is suggested to purchase additional RAM and Hard Disk locally in the budget head "Computerisation" under delegation powers by following GFR. The office wise additional hard disk and RAM requirement is enclosed in "Annexure-A". If required, the necessary budget may be sought from Head Office.

In case of any clarification in this regard, it is requested to contact IS Division without delay.

Yours faithfully,

(B.K.PANDA)

Additional Central Commissioner (IS & Project)

Note : The above said items may be procured with 3 Years on-site warranty from HP/Authorised Service Provider (HP)/Reseller (HP)/ NICS1 and the same may be got installed through HP on call basis without effecting server warranty.

Copy to :
