Chapter 1

EMPLOYEES' PROVIDENT FUND

ORGANISATION

HISTORICAL PERSPECTIVE

1.1 It has been endeavour of Central Government to provide Social Security to the industrial workers after their superannuation or to their dependents in the event of their pre-mature death. The first Provident Fund Act passed in 1925 to regulate the Provident Fund of some private concerns was limited in its scope. In 1929 the Royal Commission of Labour stressed the need for formulating Scheme to establish to Provident Fund for Industrial Workers. Thirteen years later in the Third Conference of labour ministers, the issue was considered again. The proposal to establish Provident Funds was generally accepted. It was recommended that such fund should be established on the basis of voluntary participation. It was further recommended that the Central Government may frame a model set of rules for management of Provident Fund which may in turn be adopted by the employers for establishing Provident Fund. The model rules were circulated to employers in 1945 for adoption in industrial concerns. Some progressive employers took the initiative to establish voluntary Provident Funds for the benefit of about 3 lac workers but the general response was not encouraging.

1.2 In 1947 the question was reviewed at the Asian Regional Conference of the International Labour Organisation. It was reiterated that in view of the financial and administrative conditions in India, a contributory provident fund scheme was preferable to a scheme of pension or gratuity payments as it would not be possible to introduce the same in India, as adopted in the other industrially advanced countries. The main difficulty felt in a gratuity scheme was that the amount paid to a worker or his dependents would be small as the worker would not himself be making any contribution to the fund. Taking into account the various difficulties, financial and administrative, the most appropriate course considered to be adopted was the institution of compulsory contributory provident fund, in which both workers and employers would contribute. Such a Scheme would have *inter-alia* the following benefits:-

- i) It would inculcate a spirit of thrift among workers
- ii) It would help in stabilisation of the labour force.

1.3 In accordance with the recommendation of the Asian Regional Conference, the matter was discussed at the 10th session of the Indian Labour Conference held in 1948. It was generally agreed that the introduction of a statutory provident fund scheme for industrial workers must be undertaken.

1.4 To test such a scheme in a restricted field, the Coal Mines Provident Fund Scheme was launched in 1948. The success of this Scheme led to the demand for its expansion to other industries was well. In 1949, when a non-official Bill for setting up of provident funds for other industrial workers was introduced in the Central Legislature, the then Union Labour Minister gave an undertaking that a comprehensive Bill on the subject would be placed before the House. The subject was exhaustively discussed at the meeting of the Standing Labour Committee held in November, 1950, where there was general agreement, particularly among the representatives of the State Governments, that a Legislation should be undertaken for instituting provident funds in

industrial undertakings. This view was endorsed by the conference of Labour Ministers held in January, 1951.

1.5 This led to the **promulgation of the Employees' Provident Funds Ordinance, 1951** by the President of India on the 15th November, 1951 with a view to provide for the institution of provident funds for employees in factories and other establishments. The ordinance which came to force at once, was to extend to the whole of India except the State of Jammu and Kashmir.

1.6 THE STATEMENT OF OBJECTS AND REASONS AS CONTAINED ARE VERBATIM IN
THE EMPLOYEES' PROVIDENT FUNDS BILL, 1952:

- ***The Employees' Provident Funds Bill, 1952 (Bill No. 15 of 1952)*** was introduced in Parliament of India to provide for the institution of provident funds for employees in factories and other establishments **and thereby the Employees' Provident Fund Act, 1952 (Act, hereinafter)** was enacted. The extent of the said Act was whole of India except the State of Jammu and Kashmir. The question of making some provisions for the future of industrial worker after he retires or for his dependents, in case of his early death had been under consideration for some years. The ideal way would have been provision through old age and survivors pensions as had been done in the industrially advanced countries. But in the prevailing condition in India, the institution of a pension scheme cannot be visualised in the near future. Another alternative may be for provision of gratuities after a prescribed period of service. The main defect of the gratuity scheme, however, is that the amount paid to a worker or his dependents would be small, as the worker would not himself be making any contribution to the fund. Taking into account the various difficulties, financial and administrative, the most appropriate course appears to be the institution of compulsory contributory provident funds in which both worker and the employer would contribute. Apart from other advantages, there is the obvious one of cultivating among the workers a spirit of saving something regularly. The institution of a provident fund of this type would also encourage the stabilization of a steady labour force in industrial centres.
- The subject of legislation for institution of compulsorily contributory provident funds in industrial undertakings was discussed several times at tripartite meetings in which representatives of the Central and State Governments and of employers and workers took part. A large measure of agreement was reached that there should be such legislation. Further, a non-official Bill on this subject was introduced in the Central Legislature in 1948 and was withdrawn only on an assurance given that Government itself would soon consider the introduction of a comprehensive Bill. The view that the proposed legislation should be under taken was lastly endorsed by the Conference of Provincial Labour Minister held in January, 1951. It may be added that a statutory Contributory Provident Fund already exists for workers in coal mines, covering about 8,00,000 persons. This has been in operation for about five years and is working very satisfactorily.
- The Bill provides for institution, in the first instance, of contributory provident funds in the six major organised industries named in Schedule I of the Act, except undertakings owned by the Central or a

State Government or by a local authority. There is also a provision empowering the Central Government to add, by notification, other industries to the Schedule or to apply the Act to industrial undertakings employing less than fifty persons.

- *To avoid any hardship to new establishments, a provision has been made for exempting them for a period of three years and similar exemptions are given to other establishments which are less than three years old till they have been in operation for period of three years in all. The rate of contribution will be 6 ¼ per cent of the total emoluments of the worker, the worker and the employer each contributing these amounts. Further, the scheme would empower payment of a higher contribution by the workers at their option.*
- *Where provident funds exist in private industry, contributions are usually a percentage of the basic wage. Unlike Government Departments, wages in the private industry have not, however, been rationalised and there are very great variations in the level of basic wages in private industry even in different units in the same industry. If contributions are reckoned on the basis of basic wages only, there will, therefore, be wide changes in the degree of benefits received. This will be unfair to the workers and may also penalise those employers who have brought the level of basic wages in accord with current requirements. Government appreciates that DA is a variable factor depending on the cost of living. Nevertheless, for the reasons explained, Government is satisfied that contributions to the Provident Fund should be on the basis of basic wages plus DA. This should not be construed as in any way implying that DAs on the existing rates are to be recognised as a permanent measure.*
- *Most of the details relating to the Fund will be settled in accordance with a Scheme which, in the interest of uniformity, will be funded by the Central Government. The administration will, to a large extent, be decentralised in regard to undertakings falling within the sphere of State Governments.*
- *Where provident funds offering equal or more advantageous terms are operating efficiently, provision has been made for them to continue subject to certain safeguards in the interest of works.*

EMPLOYEES' PENSION SCHEME, 1995

3.10 **The year under report saw some significant developments taking place in the Employees' Pension Scheme, 1995.** The long standing demand from diverse quarters for enhancing the minimum pension under the scheme saw the light of day with the Central Government bringing in the Gazette Notification introducing the minimum pension of Rs.. 1,000/- per month for member pensioners, widow/widower pensioners and some of the other categories of pensioners. The year also witnessed the annual valuation exercise of the scheme being brought up to date, perhaps for the first time in the scheme's history.

3.11 The Organization consolidated and enhanced the initiative for credit of pension using the Core Banking System (CBS) platforms of the pension disbursing banks, endeavoring through the process that the pension was credited to the bank accounts of pensioners on the first working day every month with more regularity. Additionally, some critical amendments were made in the EPS with a view to bolster and shore up the long term sustainability of the Pension Fund.

BRIEF HISTORICAL NOTE

3.12 **The Employees' Pension Scheme, 1995 came into effect on 16th November, 1995** and with its introduction the erstwhile Employees' Family Pension Scheme, 1971 (EFPS) ceased to operate and all the assets and liabilities of the old scheme were transferred and merged with the Employees' Pension Fund. The benefits and entitlements of the beneficiaries under the old scheme (EFPS) are protected and continued under the new EPS, 1995.

3.13 The EPS has been designed on the principles of a "Defined Contribution - **Defined Benefit**" Social Insurance Scheme and adopts "actuarial principles" for ensuring long term financial viability. The Scheme aims at providing economic sustenance during old age and survivorship coverage to Members and his families. The Employees' Pension Scheme, 1995 is funded by diversion of 8.33% from the monthly Employer's share of Provident Fund contributions as well as a contribution of 1.16% of the monthly wages by the Central Government.

APPLICABILITY

3.14 The EPS at its inception applied compulsorily to all the existing Members of the Employees Provident Fund who were contributing to the Employees' Family Pension Scheme, 1971. The new entrants, as Members of Provident Fund from 16.11.95 onwards also acquired Membership of the Scheme on compulsory basis. The existing Members of the Employees Provident Fund as on 15.11.1995 who had not opted for joining the erstwhile Employees' Family Pension Scheme, 1971 were given an option for joining this scheme.

3.15 The EPS though effective from 16.11.95 has a provision for optional retrospective application from 01.04.93 for outgoing Members of the ceased Employees' Family Pension Scheme, 1971 and its beneficiaries during the period between 1.4.93 to 15.11.95. Members of the old scheme who had died between 01.04.93 and 16.11.95 were deemed to have joined the new scheme and their beneficiaries were entitled for pension benefits under EPS.

BENEFITS

3.16 The EPS provides a comprehensive set of benefits which covers a broad spectrum of contingencies ensuring social security protection in the old age of the Members and their families. The different categories of pension and withdrawal benefits that are available under EPS are as under:

- (i) Member Pension upon superannuation/retirement
- (ii) Disability Pension/ Member Pension on permanent and total disablement during the service.
- (iii) Widow/Widower Pension on death of member or Pensioner
- (iv) Children Pension for 2 children at a time till the age of 25 years on death of the member
- (v) Orphan Pension paid to maximum 2 orphans at a time till the age of 25 years on death of member when there is no spouse or on death of spouse.
- (vi) Disabled Children/Orphan Pension paid for entire life of the disabled child/Orphan.
- (vii) Nominee Pension paid on death of member and paid for life to a duly nominated person by the member in case there is no valid family in respect of member.
- (viii) Pension to dependent father/mother paid upon death of member provided eligible service has been rendered by member and there is no family or nominee of the member.
- (ix) Withdrawal benefit paid on exit from service or on superannuation provided member has not rendered service eligible for Pension.

3.17 The EPS was a vast improvement over the erstwhile Employees' Family Pension Scheme, 1971, under which only Widow/Widower pension was payable in case of death while in reckonable service and prior to completion of 60 yrs of age. In the absence of spouse or on cessation of spouse pension the eldest child was eligible for pension up to the age of 25 years and in turn to other children one at a time, subject to the age limit of 25 years. There was no provision for pension to Members on superannuation/retirement or disablement, and the employee was entitled to withdrawal benefit only.

ELIGIBILITY

3.18 A member of the EPS becomes eligible for superannuation / early pension under the EPS on fulfilling:

- (i) Minimum 10 years of eligible service; and
- (ii) Attaining age of 58/50 years.

3.19 On cessation of employment before completing 58 years a member can opt for early pension. Such early pension can be availed only after completing 50 years of age and it will be subject to discounting factor at the rate of 4% (w.e.f. 26.9.2008) for every year falling short of 58 years. No member pension is payable before attaining the age of 50 years. However, no such age or minimum eligibility service criteria shall apply for pension entitlement in case of disablement or death of the member and even Membership with one-month contribution will suffice in such cases.

3.20 The quantum of pension payable to a member on superannuation and/or exit from service on attaining the age of 58/50 years depends upon two variables; first, the period of pensionable service rendered by the member and secondly the pensionable salary which is the average wages of the preceding 60 months prior to exit.

3.21 Those member having service prior to 16-11-1995, have the added benefit of past service pension for the period of their Membership under the erstwhile Employees' Family Pension Scheme, 1971 as per values in the tables provided in the scheme.

The fund has consistently had more receipts than payment outgo since inception and the position in the previous five years is depicted in the tables and figures below:

❖ 2015-16 Figuers are provisional

3.26 The accumulated corpus of the EPS has grown steadily and since the year 2010-11 the corpus has increased by almost 95%. The accumulated corpus of the EPS over the previous few years is depicted in the figure below.

IMPLEMENTATION OF MINIMUM PENSION PROVISION

3.27 During the year one of the long awaited demands for implementation of the minimum pension was given effect to. The Central Government had issued Gazette Notification No. 593(E) dated 19.08.2014 providing a minimum pension of Rs. 1,000/- per month for member / widow(er) / disabled/ nominee/ dependent parent pensioners, Rs. 750/- per month for orphan pensioners and Rs. 250/- per month for children pensioners.

3.28 Immediately after the notification, necessary amendments in the application software were made to commence the payment of the revised minimum. The payment of pension with the revised minimum pension applicable has been commenced from September, 2014. The details of pensioners affected and the amount disbursed in respect of them in the year under report are as follows:

Year	No. of Pensioner affected	Amount paid as per original pension (rs. in crores)	Amount Paid as per minimum pension notification (rs. in crores)	Difference amount (rs. in crores)
2014-15	18,55,273	7,97,57,05,395	12,37,03,29,331	4,39,46,23,936
2015-16	18,34,791	14,25,29,18,832	22,46,99,59,669	8,21,70,40,837

3.29 After implementation of the minimum pension notification the pension for all member/widow(er) /disabled/nominee/ dependent parent pensioners whose original pension were less than Rs. 1,000/- p.m. have been fixed at the minimum of Rs. 1,000/- p.m. Deductions on account of benefits availed by Members on the basis of choice exercised at the time of making claims like commutation, Return of Capital and Short Service are applied on the minimum pension of Rs. 1,000/- p.m. The determination of pension under EPS, 1995 after implementation of the minimum pension notification is in consonance with the provisions of the scheme as well as the amendments introduced thereto vide the minimum pension notification referred above. Allowing the minimum pension of Rs. 1,000/- p.m. without regard to deduction on account of Commutation, Return of Capital etc. would be iniquitous and unfair vis-à-vis the Members/pensioners who had not taken these benefits at the time of claim and opted to take only the original pension without any optional benefits.

3.30 The month-wise details of Pensioners benefits from minimum pension of Rs.1000/- per month for the year 2015-16 is given below Appendix -3 (i).

ACTUARIAL VALUATION OF THE EMPLOYEES' PENSION SCHEME, 1995

3.31 **Employees' Pension Scheme, 1995 is a funded scheme with combined features of Defined Benefit and Defined Contribution.** Accordingly, the scheme prescribes the rate of contribution payable as well as the scale of benefits admissible. A provision has been made under Para 32 of the **Employees' Pension Scheme, 1995 for annual valuation of Employees' Pension Fund by a Valuer** appointed by the Central Government.

3.32 The Central Government had earlier appointed M/s. K.A. Pandit, Consultants & Actuaries as Valuer for 14th, 15th & 16th **Valuations of Employees' Pension Fund as on 31.3.2010, 31.03.2011 & 31.03.2012** respectively. The Central Government has subsequently continued with M/s. K.A. Pandit, Consultant & Actuaries as Valuer for the 17th, 18th and 19th **Valuations of Employees' Pension Fund** as on 31.03.2013, 31.03.2014 and 31.03.2015 respectively.

3.33 The appointed Valuers submitted the Actuarial Valuation report for 19th valuation as on 31.03.2015, which has been forwarded to Central Government for approval on dated 27.06.2016.

3.34 The Actuarial reports have been carried out with the following base assumptions:

3.35 The summary results of the valuation for the five years (including the 3 years' **combined** report submitted earlier).

3.36 The deficit as revealed in the 13th Valuation as on 31.03.2009 was Rs. 61,608 crores, whereas in the 16th Valuation Report as on 31.03.2012, the deficit had been shown as Rs. 10,855 crore. A decrease in valuation liability of Rs. 50,753 crores has been revealed in the current report as compared to 13th Valuation Report. In the 17th & 18th Valuation Report as on 31.03.2013 & 31.03.2014 the deficit has been shown as Rs. 6,712.96 crores and Rs. 7,832.74 crores respectively. Therefore, there has been a decrease in valuation liability compared to 16th valuation report.

3.37 In the 19th valuation report as on 31.03.2015. The Valuer has recorded in the report that net liability or Surplus of Rs. 5,026.87 crore as on 31.03.2015.

3.38 The valuer has suggested that the Net Surplus of Rs..5,026.86 crores in terms of Present Value, is less than 2.50 % of the total liability and is not indicative of reduction required in contribution, though it is recommended that, EPS should look into investment return more carefully, do not increase benefits without consulting Actuary and do sensitivity analysis more frequently. Also should try and capture more data which can be used for valuations. Make a detailed study of dormant account and decide on the approach and assumptions of these accounts.

INTERNATIONAL WORKERS

PROVISIONS FOR INTERNATIONAL WORKERS

4.1 Economic liberalisation, rapid growth in developing economies, ageing population in western world and large pool of young and technically qualified person in certain countries have witnessed migration of professionals across the world. As India is a major source of migrant professionals due to its vast reservoir of technically qualified manpower in sectors like IT, health, and management etc. movement of Indian professionals in various countries was witnessed over the period. The Indian professionals working in various countries were required to make the mandatory social security contributions in the countries of their working. The contributions made by the professionals during their stay in the country of their posting were lost as the benefits are not payable before expiry of a minimum qualifying period and not even available in case of return to the home country.

4.2 With a view to protect the rights of migrant workers, Government of India decided to go for bilateral Social Security Agreements (SSAs) so that the Indian workers are exempted from mandatory social security contribution in the country of their posting and the benefits of contribution made abroad are received by way of totalisation and the payment is received in India. Thus an SSA coordinates the social security schemes of two contracting states in order to overcome the barriers and facilitate extension of benefits to beneficiaries.

4.3 In the context of above and in order to implement the provisions of bilateral SSAs, enabling provisions for **International Worker (IW) were introduced in the EPF Scheme and Employees' Pension Scheme** by inserting Para 83 of Scheme and Para 43-A of Pension Scheme and given effect from 1st October, 2008. The special provisions have been amended subsequently keeping in view the requirements arising out over the period of time.

4.4 The Ministry of Overseas Indian Affairs, Govt. of India, is the nodal ministry for initiating negotiations for SSA on bilateral basis. Besides, the MoL&E, the Ministry of Commerce and EPFO are also involved in the process of negotiations. EPFO has been designated as the Liaison Agency to operate the provisions of the SSAs and for issuing Certificates of Coverage (COC) to the employees of establishments covered under the Act as well as the employees of other social security providers **like the Seamen's Provident Fund, Banks etc., when they are posted abroad in a country having SSA** with India

SPECIAL PROVISIONS IN RESPECT OF INTERNATIONAL WORKER

4.5 The special provisions as mentioned in Para 4.3 above provide for identification, exclusion, Membership and benefits in respect of an IW.

DEFINITION OF INTERNATIONAL WORKER

- i) an Indian employee having worked or going to work in a foreign country with which India has entered into a social security agreement and being eligible to avail the benefits under social security programme of that country, by virtue of the eligibility gained or going to gain, under the said agreement;
- ii) an employee other than an Indian employee, holding other than an Indian Passport, working for an establishment in India to which the EPF & MP Act, 1952 applies;

EXCLUDED EMPLOYEE

- (i) an IW, who is contributing to a social security programme of his country of origin, either as a citizen or resident, with whom India has entered into a social security agreement on reciprocal basis and enjoying the status of detached worker for the period and terms, as specified in such an agreement; or
- (ii) an IW, who is contributing to a social security programme of his country of origin, either as a citizen or resident, with whom India has entered in to a bilateral comprehensive economic agreement containing a clause on social security prior to 1st October, 2008, which specifically exempts natural persons of either country to contribute to the social security fund of the host country.

4.6 Thus an excluded employee is a foreigner, who is posted in an establishment in India with Certificate of Coverage and contributing to the social security programme of his home country and exempted from the provisions of the Indian social security in terms of a Social Security Agreement or a bilateral agreement e.g. Comprehensive Economic Agreement signed with India prior to 1st October, 2008 (e.g. para 4 of Article 9.3 of CECA between India and Singapore provides that **"Natural persons of either Party who are granted temporary entry into the territory of the other Party shall not be required to make contributions to social security funds in the host country"**).

MEMBERSHIP

4.7 Every IW, other than an 'excluded employee' is required to be enrolled as a member of the Fund from 1st November, 2008 or from the date of joining, whichever is later. An excluded employee shall be enrolled as a member of the Fund from the date he ceases to be excluded employee.

CONTRIBUTION

4.8 From 01.11.2008 contribution in respect of an IW towards Provident Fund is payable on full pay i.e. basic wages, DA (including the cash value of any food concession) and retaining allowance, if any, payable to the employee. As far as the contribution towards the Pension Fund is concerned, the same is payable on full pay from 11.09.2010 onwards.

Chapter 5

COMPLIANCE MANAGEMENT

5.1 The Act is a Social Welfare Legislation enacted with a view to extend social security benefits in the form of Provident Fund, Pension Fund and Insurance Fund to the organised work force of the country engaged in the industries, factories and class of establishments to which the statute applies.

ROLE OF COMPLIANCE

5.2 (i) The role of compliance begins with coverage of establishments under section 1(3) (a), 1(3) (b), Section 1(4) and under section 2A of the Act. After coverage, the employers of the establishments are required to comply the provisions envisaged under the Act and Schemes framed thereunder in enrolling their employees as Members of the fund, deduct provident fund contributions from their salaries and deposit the same to the fund along with their matching contribution. The employers are also required to deposit their contribution towards the EDLI Scheme and Administrative Charges for all the three Schemes framed under the Act.

(ii) There have been the following types of non-compliance on the part of the employers:

- a) Disputes on the applicability of the Act;
- b) Non- payment of provident fund and allied dues; and
- c) Non- enrollment of all eligible Members.

ACTIONS AGAINST DEFAULTERS

5.3 The following actions are provided in the Act that can be taken against defaulters to ensure compliance under the Act:

- (i) Action under section 7A – Deciding applicability of the Act in case of disputes and determination of amounts due from any employer under any provisions of this Act, the Provident fund Scheme or the Pension Scheme or the Insurance Scheme, as the case may be, by inquiries, quasi-judicial in nature, for enforcing attendance, requiring attendance of any person or examining him on oath, requiring the discovery and production of documents, receiving evidence on affidavit and issuing commissions for examination of witnesses.
- (ii) Action under section 14B– Levy of damages, as penalty, for belated remittance of contributions due from any employer or transfer of accumulations required to be transferred by him under sub-section (2) of Section 15 or sub-section (5) of Section 17 or in the payment of any charges payable under any other provisions of this Act or the Schemes framed thereunder by giving reasonable opportunity of being heard, at such rate as specified in the Scheme.

- (iii) Action under section 7Q –Levy of simple interest at the rate of twelve percent per annum or at such higher rate as may be specified in the Scheme on any amount due from the employer under this Act from the date on which the amount has become so due till the date of its actual payment.

COERCIVE ACTIONS AGAINST DEFAULTERS

- 5.4. (i) Action under section 8F –Issue of prohibitory orders to 3rd parties including post offices, bankers, insurance etc. to withhold any payment due to the defaulting employers and to remit the same to the Fund for appropriation against Provident Fund dues.

(ii) Action under section 14– Filing of prosecution cases against the defaulting employers before the appropriate courts of law for avoiding payment of dues, non-submission of statutory returns, making or causing to make false statement or representation, contravening any condition subject to which exemption was granted and committing same offence repeatedly.

(iii) Prosecution under section 406/409 IPC – Filing cases with Police Authorities against the employers who fail to remit the employees contribution to Provident Fund after **deducting the same from their employees which amount to 'criminal breach of trust' and which is a cognizable offence.**

(iv) Action under section 110 Cr.PC – Requiring the employers who habitually fail or attempt to fail in making payment of provident fund and allied dues to execute bond, with **sureties, for 'good behaviour' with the Executive Magistrate.**

RECOVERY OF ARREARS

5.5 Provisions for recovery of amount due from employers **were inbuilt in the the Employees' Provident Funds Ordinance, 1951, the Employees' Provident Funds Bill, 1952 and the Act. As per the** modes of recovery provided, any amount due from an employer in respect of any contribution payable under this Act or towards the cost of administering the Fund payable by him under any Scheme may be recovered by the appropriate Government in the same manner as an arrears of land revenue. Requisitions were used to be sent to the Certificate Officers/Revenue Officers of the respective State Governments for recovery of any money due from an employer in respect of any contribution payable under this Act or towards the cost of administering the Fund payable by him under any Scheme. The pace of recovery was very slow as there was no control over the State Governments. However, evolving an institution of independent recovery machinery within the Organisation was thought of. Accordingly, Section 8 of the principal Act was amended by the EPF & MP (Amendment) Act, 1988 (33 of 1998) and in the principal Act, for the words by the Central Provident Fund Commissioner or such other officer as may be authorized by him, by notification in the Official Gazette, in this behalf, in the **same manner as an arrear of land revenue", the words, figures and letters "in the manner specified in Sections 8B to 8G" were substituted. Definition and role of 'Recovery Officer' were inserted in the Act by the said amendment of 1988 effective from 1st August, 1988.** As a result, independent recovery machinery was put in place from 1st July, 1990 and RPFs were notified as Recovery Officers by name. From 4th March, 1997, all the RPFs and APFCs working in the Regional/SROs located at different States and in Headquarters of the Organisation

have been notified to act as Recovery Officers. Notification No. S.O. 796 dated the 4th March, 1997 was published in the Official Gazette on 22nd March, 1997 to that effect.

5.6 **For augmenting the recovery, a 'Directorate of Recovery' has been created at the Head quarters level which is directly monitoring the performance of the field formations in the area of recovery. Following recovery actions are provided in the statute against the defaulters:**

- (i) attachment and sale of movable or immovable property of the establishment or, as the case may be, of the employer;
- (ii) arrest of the employer and his detention in prison ; and
- (iii) appointing receiver for the management of the movable or immovable properties of the establishment or, as the case may be, the employer.

PRIORITY OF PROVIDENT FUND DUES

5.7 Section 11(2) of the Act provides that, if any amount is due from an employer, whether in **respect of employees' contribution (deducted from the wages of employees) or the employers' contribution**, the amount so due shall be deemed to be the first charge on the assets of the establishment, and shall notwithstanding anything contained in any other law for the time being in force, be paid in priority to all other debts.

5.8 **The Hon'ble Supreme Court in Maharashtra State Co-operative Bank Vs. Provident Fund Commissioner [2009(10)SCC. 123:2009(123)FLR, 653:2009(2)SCC, (L&S) 743(S.C. – 3M)]** has held that the provident fund dues shall be paid in priority to all other dues and debt of a company. **Even in cases of liquidation, the Hon'ble Supreme Court has held that the EPF dues are to be paid on priority in *Employees' Provident Fund Commissioner Vs. O.L. of Esskay Pharmaceuticals Limited – 2011(5)LLN.1:2012(1)LLJ.1:2012(132)FLR.98(S.C.-2M)***

The contribution received after making adjustments, due on account of benefits are transferred to the investment account. The corpus invested in the Public Account continues to be invested in Public Account. From 1997-98 onwards net accretions are being invested as per prescribed investment pattern.

PORTFOLIO MANAGEMENT

7.20 The Investment of funds is managed by portfolio managers. The fund managers follow the pattern of investment as notified by the Ministry of Labour & Employment and guidelines as prescribed by the Board from time to time. The Performance of the portfolio managers of EPFO is measured against a performance benchmark developed by CRISIL in consultation with investment monitoring cell of EPFO.

7.21 This performance benchmark is dynamic in nature and captures the daily yields of securities in which investment of EPFO money is permissible as per existing investment pattern and investment guideline. It is very important tool with which EPFO is able to compare the performance of portfolio managers. It also serves as a reference point for both EPFO as well as for the portfolio managers, giving as indicative minimum yield, which could have been generated by investing in the prevailing market in the assets classes permissible as per extant investment pattern and investment guidelines.

7.22 The board in its 206th meeting held on 11/03/2015 has approved the appointment of four portfolio managers in addition to SBI PMs for a period of 3 years. Thus of five portfolio managers are appointed namely 1. State bank of India, 2. ICICI Securities Primary Dealership Ltd. 3. Reliance Capital Asset Management Limited, 4. HSBC AMC and 5.UTI AMC for management of EPFO corpus for a period of three years. The appointed portfolio manager have started managing employees provident fund organisation corpus from 01th of July, 2015.

7.23 The performance of current portfolio managers during the period 01stJuly 2015 to 31st march, 2016 is as under:-

FINANCIAL YEAR PERFORMANCE (2015-16)

<u>PORTFOLIO MANAGER</u>	<u>BENCHMARK</u>	<u>YIELD</u>
SBI	8.35 %	8.45 %
RELIANCE CAML	8.35 %	8.42 %
ICICI SEC.PD LTD.	8.35 %	8.48 %
HSBC AMC	8.35 %	8.46 %
UTI	8.35 %	8.46 %

SALIENT POINTS ON PERFORMANCE OF THE PORTFOLIO MANAGERS:

1. The Portfolio Managers during the year generated the yield by investing in the market under regulated environments of investment pattern and Investment pattern and Investment guidelines.
2. The return on investment is subject to variation in market yields and thus cannot be strictly compared with the yields generated in the past years. Therefore, the true comparison can be done only amongst the five Portfolio Managers who are investing in the same market following same regulations.
3. The competition among the Fund Managers has mitigated the risk of under performance by one single Portfolio Manager, affecting the yield of entire portfolio. Along with competition, creation of dynamic benchmark, works as a reference for all the five Portfolio Managers who make their best efforts to not only meet the benchmark but also to outperform it.

VIGILANCE

BACKGROUND

13.1 To ensure transparency in administration, the EPFO's Vigilance Division has adopted a multipronged strategy of preventive vigilance measures to contain, control and curb corruption for hassle free service delivery.

13.2 As the Organization has grown larger with an increasing subscribers' base it has to cope with the increased quantum of service delivery responsibilities. The Vigilance Division is headed by a Joint Secretary level Chief Vigilance Officer at the Headquarters and has four Zonal Vigilance offices in Mumbai, Kolkata, Hyderabad and in New Delhi to monitor effective implementation of preventive vigilance measures.

PERFORMANCE DURING THE YEAR 2015-2016

13.3 The thrust area of vigilance activities in EPFO during 2015-16 has been preventive vigilance. **Special vigilance drives have been initiated as per CVC's instructions to create public awareness** about the schemes of the Organization pertaining to delivery of Social Security benefits to the subscribers.

The Finance Division of Head Office has been advised to prepare and get the Standard Operating Procedure in place for eliminating scope for manipulation in the claim settlement process.

- Introduction of bio-metric login for claim settlement:

To prevent the EPFO staff from committing fraud while processing claim settlement cases, the Information Services Division has been asked to introduce biometric login system at every level in the claim settlement process.

- Introduction of electronic reporting system of uploading of tenders:

Information Services Division has been advised to put in place an electronic reporting system of uploading of tenders as per the guidelines of CVC.

- Improvement in Public Grievance System:

For making the Public Grievance Redressal system more transparent, it has been recommended to Customer Service Division to introduce (i) an age-wise disposal reporting system for each complaint/ grievance, and (ii) classification of public grievances into categories such as cases with irregularities in deposit of PF dues, cases of delayed claim settlement and vigilance related complaints etc.

II. Punitive Vigilance

- Complaints:

With an opening balance of 76 un-disposed complaints received during the previous year (2014-15) and 235 new complaints received during 2015-16 the total number of complaints became 311. Out of these 311 complaints 260 complaints were disposed during the year leaving behind a closing balance of 51.

➤ In addition, various other vigilance related activities were organized to sensitize the general public as well as various stakeholders **of EPFO regarding EPFO's commitments towards prompt service delivery**. Banners and posters were put at every EPF office and public places like Petrol Pumps, Banks, Railway Stations etc in this regard. Elocution competitions and

panel discussions on 'Moving towards a corruption free society' were organized in 31 Schools and 30 Colleges at Kanpur, Surat, Jaipur, Goa, Faridabad, Delhi, Chennai, Indore, Coimbatore, Raipur, Kolkata and Jamshedpur by the local EPFO field offices.
